

# THURSDAY, JUNE 25 DISASTER AT THE COUNTY FAIR

## A Virtual Table Top Exercise

What would happen if your county fair experienced a disaster? This discussion-based exercise will focus on an agricultural (animal focused) incident taking place in your community. It will involve key personnel addressing simulated scenarios in an informal setting. Its purpose is to provide participants with an opportunity to assess their preparedness, response and recovery protocols, plans, and capabilities to the event. The VTTX is designed to engage participants in a no-fault, hazard-specific environment.
